1.0 INTRODUCTION

The Virgin Islands Housing Finance Authority (“VIHFA”) is soliciting proposals from qualified and licensed firms (“Respondents”) to provide Disaster Recovery Housing Case Management and Related Services (“DR Housing Case Management Services”) for a portfolio of housing programs including but not limited to the Community Development Block Grant Disaster Recovery (CDBG-DR) Homeowner Rehabilitation and Reconstruction Program and the CDBG-DR Rental Rehabilitation and Reconstruction Program.

Respondents will be competing against each other for selection to provide Disaster Recovery (DR) Housing Case Management Services as more fully described in Section 2. The submissions of all Respondents shall be compared and evaluated pursuant to the evaluation criteria set forth in this RFP.

Respondents must respond to all components of the scope including:

- Providing case management services
- Providing a case management system

1.1 CONTEXT

Hurricanes Irma and Maria had a devastating impact on the United States Virgin Islands (U.S. Virgin Islands or “the Territory”). The two back-to-back Category 5 storms in September 2017 caused significant damage and destruction to the islands’ housing stock. The entire population—over 100,000 residents—was impacted by the devastation brought on by the storms, with winds of over 185 miles per hour and up to 20 inches of rain in some areas. Irma crossed the islands as a windstorm tearing the roofs off buildings in her path; Maria came behind and caused water damage to all of the unprotected structures in the St. Thomas and St. John district, while inflicting severe damage on St. Croix.

Based on the FEMA IA data as of August 10, 2018, the Territory estimates that approximately 23,301 households sustained some form of damage to their primary residences from either Hurricane Irma or Maria, or both, representing 54% of the housing stock on the islands. Of the impacted households, based on The U.S. Department of Housing and Urban Development’s (HUD) methodology, 5,340 suffered Major or Severe damage; approximately 2,510 are the owners’ primary residences and 2,830 are renter-occupied homes. The remaining 12,394 owner-occupied residences and 5,567 rental units sustained minor damage.
The United States Virgin Islands is the recipient of $1.86 billion of Community Development Block Grant – Disaster Recovery (CDBG-DR) funding from HUD to assist in disaster recovery and rebuilding efforts resulting from Hurricanes Irma and Maria. The Territory’s approved CDBG-DR Action Plan and Amendment 1 (https://www.vihfa.gov/disaster-recovery/action-plan) detail how the U.S. Virgin Islands plans to spend its first and second tranches of $1,021,901,000 in grant funds.

As the administering entity of the CDBG-DR funds, VIHFA has developed a portfolio of housing programs to address unmet rebuilding and reconstruction needs of homeowners and renters, including the Homeowner Rehabilitation and Reconstruction Program and the Rental Rehabilitation and Reconstruction Program. A brief of overview of each program is provided in Section 2.1 below.

VIHFA will oversee the entire portfolio of housing programs. Further details including the application process, prioritization, and criteria used to select applicants for funding under each housing program, including the relative importance of each criterion, are included in the housing program policies and procedures.

For each of the CDBG-DR housing programs, applications will be submitted, which will be evaluated for eligibility, prioritized, and processed through program milestones to reach a grant determination, then followed through the life of the grant until closeout. Through program-specific administrative portals, VIHFA staff (“VIHFA Program team”) will require the functionality to view and manage individual applications, grant determinations, and other program milestones, as well as export aggregated data for program metrics and reporting.

VIHFA program team will work with the successful Respondent to develop process mapping to assist in the development of the systems.

1.2 GOALS AND OBJECTIVES

The objectives include, but are not limited to, assisting U.S. Virgin Islands residents in returning their dwellings to a safe and functional dwelling in a timely and an efficient manner; assisting VIHFA with the administration of the Housing Program; and with maintaining compliance with federal requirements.

2.0 PROPOSAL DESCRIPTION

The selected Respondent will be responsible for providing Case Management Services as well as a case management system for the DR Housing Programs. Respondents to this RFP must commit to serve all eligible applicants located on the three islands: St. Croix, St. Thomas, and St. John. The selected Respondent is expected to have their call center be prepared to be operational within 15 business days after contract execution. Respondent is expected to have the in-take centers open, with trained staff and operational with equipment, supplies, etc. within 45 days after contract execution.
It should be noted that the winning Respondent might also be tasked with providing case management services for other housing-related programs funded through other federal funding sources. Respondents to this RFP should thoroughly review the following available at:

- [https://www.vihfa.gov/disaster-recovery/action-plan](https://www.vihfa.gov/disaster-recovery/action-plan)
- [https://www.vihfa.gov/disaster-recovery/programs/housing](https://www.vihfa.gov/disaster-recovery/programs/housing)

Respondents must have relevant, documented disaster case management experience and submissions must provide detailed examples of case management work on CDBG-DR Programs from inception to closeout. The Respondent must have the administrative infrastructure to effectively manage and support training, service delivery and fiscal management processes. Additionally, Respondent should provide detailed information about the experience and qualifications of the Respondent's assigned personnel considered key to the success of the project. The selected Respondent will provide case workers whose primary responsibility will be the successful case management of the USVI’s housing programs. They will serve as the front-line staff of these housing programs, and will provide long term consistent delivery of services, including processing and tracking applications for the USVI CDBG-DR Housing Recovery Programs as described herein. These case workers will serve as the primary point of contact for the Program Applicants. Among other tasks, case workers will perform case management at all phases of eligibility, to ensure successful participation in the relevant housing program. Tasks will include, but are not limited to: intake, completion of the processing of all open applications, the verification of applicant eligibility for housing assistance, avoidance of fraud, waste and abuse (AFWA), Verification of Benefits (VOB), Duplication of Benefits (DOB), coordination with the appropriate entities to ensure the timely construction of work and administer the funding made available for the benefit of property owners.

### 2.1 DESCRIPTION OF PROGRAMS

The services being procured through this RFP will support the implementation and administration of one or more of the following programs below. Other programs may be added to the portfolio of programs.

The initial Case Management Services will focus on the Reconstruction solution within the Homeowner Rehabilitation and Reconstruction. This first phase of the program is expected to serve approximately 200 to 500 homeowners. However, the number of homeowners that submit applications to the program could be far greater. The Case Management Services will also support application services and support to landlords in the Rental Rehabilitation and Reconstruction program.

The CDBG-DR Homeowner Rehabilitation and Reconstruction Program ("The DR Program") will assist eligible applicants whose homes were damaged by Hurricanes Irma and/or Maria to complete the work necessary to make their homes decent, safe and sanitary and compliant with flood plain, environmental, and other territorial requirements. While the program is open to all homeowners that have remaining repair needs, in its initial phases, the Program will prioritize low- and moderate-income households, who lack the necessary resources to repair or reconstruct their homes. This program will supplement other funds the owner may have received to rehabilitate or reconstruct the structure. Awards will be based on the estimated construction cost of the scope based on a standard grade of building materials.

- The applicant household meets federal LMI (Low/Moderate Income) requirements.

- The applicant household meets federal LMI requirements.
- The applicant has limited or no other resources to rehabilitate the home.

2.1.2 Rental Rehabilitation and Reconstruction
The Rental Rehabilitation and Reconstruction program will provide funds to reconstruct or rehabilitate damaged affordable rental units. In its first phase, the program will serve landlords with 20 units or less rent to, and are willing to sign a commitment to rent to eligible tenants, at or below 80% Annual Median Income (AMI).

- Rehabilitation: The Program pays for approved and eligible costs to complete repairs to rental units that have not yet been completed, including eligible improvements for resilience.
- Reconstruction: The Program pays for approved and eligible costs of reconstruction when a unit is destroyed or determined not feasible to rehabilitate.
- Mitigation and resilience measures: Mitigation measures such as structural retrofitting and non-structural retrofitting (e.g., impact resistant shutters, windows and doors) of existing structures to meet or exceed applicable building codes relative to hazard mitigation and increase the ability to shelter in place will be eligible. A system of messaging to each applicant as critical milestones are reached, such as the application completion or whether an application has been successfully processed through duplication of benefits verification, or ownership verification. System will track each phase of the application submission, review/consideration period and final decision. Messaging should also be able to provide electronic updates, if necessary and provide electronic and hard copy letters for use via e-mail or U.S. Postal Service to applicants as to whether an application has been approved or denied as well as other program required correspondence.

xix. The system should provide Key Performance Indicators (KPI), which allows end users/ Systems Analysts to track milestones and be able to view real-time statistics. The KPI’s should be customizable and should be provided in a dashboard view. Thresholds should be configurable, so KPI’s alerts can be sent via email, texts and / or bolded popups when a user logs into the system.
xx. The system should provide a method to create and manage user profiles for internal and external users.

xxi. The system should allow for the compression of documents and image files, which are uploaded into the Case Management System’s database. VIHFA is expecting large amounts of data uploads from the applicants based on the requirements set forth from the CDBG-DR program, so the chosen system’s storage capacity should be able to scale on demand.

xxii. An online reference guide for the system that will be easily accessible to users. The reference guide will document the system, provide step-by-step instructions for common tasks, and contain more detailed articles to assist users and the IT staff. There is a strong possibility that data from an existing system will need to be migrated into the chosen Case Management System, so the system should provide detailed information relative to their data migration process/procedure.

xxiii. The system should provide rights and permissions capabilities to allow end user and group access to certain areas within the application/database, for security purposes.

xxiv. The system should provide a detailed historical/conversation log including date, time and conversation detail.

xxv. The chosen system should have the ability to support multiple workflows.

xxvi. The system must have been used successfully in previous CDBG or CDBG-DR programs. Any items that are not specifically requested here that are a part of previous implementations, should be included in the proposal response.

xxvii. The system must be nimble. The respondent should discuss the turnaround time to implement changes to the system and reflect changing program requirements.

xxviii. The system must possess the capability to integrate or has an embedded GIS Mapping widget.

xxix. The system should have the capability to provide outreach capabilities, such as surveys to collect pertinent information for the CDBG-DR program.

xxx. The system should possess the capability to allow Project/Program Management staff to track the statuses of all stakeholders.

xxxi. The system should support multiple CDBG-DR programs areas, such as construction management, inspections, case management, environmental Tier II reviews etc., and should allow seamless capabilities to switch between the functional areas.

xxxi. The system should have the capability to support a scheduling component for appointments and inspections.

xxxiii. The system should support electronic approvals and be able keep historical digital logs for auditing purposes.

xxxiv. The system should possess built in control mechanisms, which support VIHFA’s program workflows and ensures certain requirements are met before moving to the next step within the process.
4.0 TERM OF ENGAGEMENT

VIHFA will contract for the services of Disaster Recovery Housing Case Management and Related Services for a period of two (2) years, subject to VIHFA’s option to extend the term of the contract for similar term subject to satisfactory performance. It is anticipated the resulting contract will be a time and materials contract with a cap and the projects/task will be phased. VIHFA reserves the right to modify and/or terminate the contract if the successful organization fails to perform in a manner consistent with the terms of the contract. In addition, VIHFA reserves the right to modify and/or terminate the contract is funding becomes unavailable.

5.0 PRICE AND PAYMENT

Cost Proposal: Respondents must provide fully burdened hourly rates for all staff as requested to complete the tasks as set forth in this RFP. No additional travel expenses, per diem, other direct costs, etc. will be reimbursed under the contract, with the exception of a one-time sum for the start-up of operations, (which includes the cost of the case management software).

The Contractor must anticipate that personnel will work onsite a maximum of 40 hours per week, possibly on staggered schedules, which will include weekends, to complete the assigned tasks. Any hours above 40 per week will require approval by the Director of CDBG-DR and will be paid at the same hourly billing rate.

The contract will be funded, in whole or in part, by CDBG-DR funds. Therefore, funding and payment of the contract will be based on requirements and availability of the CDBG-DR funds by VIHFA. The prime Contractor is responsible to submit all required documentation for payment to VIHFA.

Please note, the information requested in the cost proposal may not necessarily reflect what the structure of the final contract will be.

6.0 USE OF SUBCONTRACTORS

VIHFA shall have a single prime Contractor as the result of any contract negotiation, and that prime Contractor shall be responsible for all deliverables specified in the RFP and proposal. This general requirement notwithstanding, Respondents may enter into subcontractor arrangements, however, shall acknowledge in their proposals total responsibility for the entire contract.

If the proposer intends to subcontract for portions of the work, the Proposer shall identify in its proposal any subcontractor relationships and include specific designations of the tasks to be performed by the subcontractor. The documentation required of the prime Contractor is also required for any subcontractor. The prime Contractor shall be the single point of contact for all subcontract work. Every subcontract shall incorporate and follow the terms of the contract between the prime Contractor and VIHFA.
Unless provided for in the contract with VIHFA, the prime Contractor shall not contract with any other party for any of the services herein contracted without the express prior written approval of VIHFA.

The prime Contractor shall be responsible for fulfillment of all terms of contract, timing, and payments to subcontractors regardless of funding provided by VIHFA.

17.0 SELECTION PROCESS

VIHFA will evaluate all Proposals that are received in a proper and timely manner to determine whether they meet the submission requirements. Awards are made to the most responsive bidder that provides the proposal that is most advantageous to VIHFA, considering such factors as the Bidder’s ability to perform the work of the kind involved in the bid under consideration, the Bidders’ past experience, time of delivery, etc. and not solely the lowest price.

VIHFA, at its sole discretion, will determine which Proposal best satisfies its requirements. All Proposals deemed to be responsive to the requirements of this RFP will be evaluated and scored for technical qualities and price. Proposals that are materially deficient in meeting the submission requirements of this RFP or have omitted material documents may be eliminated from consideration.
at the sole discretion of VIHFA. The evaluation process will include separate technical and price evaluations and will be conducted as set forth herein.

Through an evaluation panel, VIHFA will establish a shortlist, either through a natural break in scores or a technically viable cut off technical score. The panel will then evaluate the Price Proposals of only those proposals that have made the cut off/it deems technically qualified. Depending on the number of respondents, VIHFA reserves the right to deviate from this approach.

VIHFA reserves the right to award contracts based on initial proposals received, without discussions; therefore, the Respondent’s initial proposal should contain its best technical and price terms.

The Evaluation Committee Panel is responsible for evaluating all responsive Respondents’ submittals. The Evaluation Committee Panel will consider the following criteria:

<table>
<thead>
<tr>
<th>Evaluation Factors</th>
<th>Total Points</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Technical</strong></td>

<tr>

</tbody>
</table>

The proposer with the lowest total pricing shall receive a score of 20 points for the pricing category. The remaining proposers will receive a price score based upon the following formula:

\[ CS = \frac{LCP}{PC} \times 20 \]

Where:
CS = Computed cost score (points) for proposer being evaluated
LCP = Lowest cost proposed of responses deemed technically feasible
PC = Proposer's total cost

**17.1 INTERVIEW AND/OR DEMO**

At VIHFA’s discretion, certain Respondents may be asked to interview with VIHFA staff, and should be prepared to demonstrate their overall case management solution. The demo/interview process would last approximately 2 hours.

**17.2 RIGHT TO REJECT BID PACKAGES**
VIHFA reserves the right to reject, without prejudice, any and all bids submitted in response to this solicitation. Further, Bids submitted in response to this solicitation become the property of VIHFA and VIHFA may use any idea or concept in a submitted bid, regardless of whether that bid is selected for award.

17.3 CHANGES, ADDENDA, AND WITHDRAWALS

HUD GENERAL PROVISIONS

The following terms and conditions apply to any contract for which any portion of the funding is derived from a grant made by the United States Department of Housing and Urban Development (“HUD”). In addition, Contractor or Subcontractor shall comply with the Federal Labor Standards Provisions set forth in Form HUD-4010, available at http://www.hud.gov/offices/adm/hudclips/forms/files/4010.pdf.

1. PROVISIONS REQUIRED BY LAW DEEMED INSERTED

Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the contract shall forthwith be physically amended to make such insertion or correction.

2. STATUTORY AND REGULATORY COMPLIANCE

Subcontractor shall comply with all laws and regulations applicable to the Community Development Block Grant-Disaster Recovery funds appropriated by the Disaster Relief Appropriations Act, 2017 (Pub. L. 115-56) and the Bipartisan Budget Act of 2018 (“BBA”), (Pub. L. 115-123), including but not limited to the applicable Office of Management and Budget Circulars, which may impact the administration of funds and/or set forth certain cost principles, including the allowability of certain expenses.

3. BREACH OF CONTRACT TERMS

VIHFA reserves its right to all administrative, contractual, or legal remedies, including but not limited to suspension or termination of this contract, in instances where the Contractor or any of its subcontractors violate or breach any contract term. If the Contractor or any of its subcontractors violate or breach any contract term, they shall be subject to such sanctions and penalties as may be appropriate. The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

4. REPORTING REQUIREMENTS

The Subcontractor shall complete and submit all reports, in such form and according to such schedule, as may be required by VIHFA. The Subcontractor shall cooperate with all VIHFA efforts to comply with HUD requirements and regulations pertaining to reporting, including but not limited to 24 C.F.R. §§ 85.40-41 (or 84.50-52, if applicable) and 570.507.

5. ACCESS TO RECORDS
The State, the U.S. Department of Housing and Urban Development, the Comptroller General of the United States, or any of their duly authorized representatives, shall have, at any time and from time to time during normal business hours, access to any work product, books, documents, papers, and records of the Subcontractor which are related to this contract, for the purpose of inspection, audits, examinations, and making excerpts, copies and transcriptions.

6. MAINTENANCE/RETENTION OF RECORDS

All records connected with this contract will be maintained in a central location and will be maintained for a period of at least four (4) years following the date of final payment and close-out of all pending matters related to this contract.

7. SMALL AND MINORITY FIRMS, WOMEN’S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS

The Subcontractor will take necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used in subcontracting when possible. Steps include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises; and

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.

8. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT
Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by HUD.

9. **ENERGY EFFICIENCY**

The Subcontractor shall comply with mandatory standards and policies relating to energy efficiency issued in compliance with the Energy Policy and Conservation Act (Public Law 94-163).

10. **TITLE VI OF THE CIVIL RIGHTS ACT OF 1964**

The Contractor shall comply with the provisions of Title VI of the Civil Rights Act of 1964. No person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

11. **SECTION 109 OF THE HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974**

The Subcontractor shall comply with the provisions of Section 109 of the Housing and Community Development Act of 1974. No person in the United States shall on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this title. Section 109 further provides that discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, as amended, is prohibited.

12. **SECTION 504 OF THE REHABILITATION ACT OF 1973**

The Subcontractor agrees that no qualified individual with handicaps shall, solely on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives Federal financial assistance from HUD.

13. **AGE DISCRIMINATION ACT OF 1975**

The Subcontractor shall comply with the Age Discrimination Act of 1975 (42 U.S.C. § 6101 et seq.), as amended, and any applicable regulations. No person in the United States shall, on the
basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity receiving Federal financial assistance.

14. **DEBARMENT, SUSPENSION, AND INELIGIBILITY**

The Subcontractor represents and warrants that it and its subcontractors are not debarred or suspended or otherwise excluded from or ineligible for participation in Federal assistance programs subject to 2 C.F.R. part 2424.

15. **CONFLICTS OF INTEREST**

The Subcontractor shall notify VIHFA as soon as possible if this contract or any aspect related to the anticipated work under this contract raises an actual or potential conflict of interest (as defined at 2 C.F.R. Part 215 and 24 C.F.R. § 85.36 (or 84.42, if applicable)). The Subcontractor shall explain the actual or potential conflict in writing in sufficient detail so that the State is able to assess such actual or potential conflict. The Subcontractor shall provide VIHFA any additional information necessary for VIHFA to fully assess and address such actual or potential conflict of interest. The Subcontractor shall accept any reasonable conflict mitigation strategy employed by VIHFA, including but not limited to the use of an independent subcontractor(s) to perform the portion of work that gives rise to the actual or potential conflict.

16. **SUBCONTRACTING**

When subcontracting, the Subcontractor shall solicit for and contract with such subcontractors in a manner providing for fair competition. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a *brand name* product instead of allowing *an equal* product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.
The Subcontractor represents to VIHFA that all work shall be performed by personnel experienced in the appropriate and applicable profession and areas of expertise, taking into account the nature of the work to be performed under this contract.

The Subcontractor will include these HUD General Provisions in every subcontract issued by it so that such provisions will be binding upon each of its subcontractors as well as the requirement to flow down such terms to all lower-tiered subcontractors.

17. **ASSIGNABILITY**

The Subcontractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation) without prior written approval of VIHFA.

18. **INDEMNIFICATION**

The Subcontractor shall indemnify, defend, and hold harmless VIHFA and its agents and employees from and against any and all claims, actions, suits, charges, and judgments arising from or related to the negligence or willful misconduct of the Subcontractor in the performance of the services called for in this contract.

19. **COPELAND “ANTI-KICKBACK” ACT (Applicable to all construction or repair contracts)**

Salaries of personnel performing work under this contract shall be paid unconditionally and not less often than once a month without payroll deduction or rebate on any account except only such payroll deductions as are mandatory by law or permitted by the applicable regulations issued by the Secretary of Labor pursuant to the Copeland “Anti-Kickback Act” of June 13, 1934 (48 Stat. 948; 62 Stat. 740; 63 Stat. 108; Title 18 U.S.C. § 874; and Title 40 U.S.C. § 276c). The Subcontractor shall comply with all applicable “Anti-Kickback” regulations and shall insert appropriate provisions in all subcontracts covering work under this contract to ensure compliance by subcontractors with such regulations, and shall be responsible for the submission of affidavits required of subcontractors thereunder except as the Secretary of Labor may specifically provide for variations of or exemptions from the requirements thereof.

20. **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT**

(Applicable to construction contracts exceeding $2,000 and contracts exceeding $2,500 that involve the employment of mechanics or laborers)

The Subcontractor shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 327-330) as supplemented by Department of Labor regulations (29 C.F.R. part 5).

All laborers and mechanics employed by contractors or subcontractors shall receive overtime compensation in accordance with and subject to the provisions of the Contract Work Hours and Safety Standards Act, and the contractors and subcontractors shall comply with all regulations
issued pursuant to that act and with other applicable Federal laws and regulations pertaining to labor standards.

21. **DAVIS-BACON ACT**

(Applicable to construction contracts exceeding $2,000 when required by Federal program legislation)

The Subcontractor shall comply with the Davis Bacon Act (40 U.S.C. §§ 276a to 276a-7) as supplemented by Department of Labor regulations (29 C.F.R. part 5).

All laborers and mechanics employed by contractors or subcontractors, including employees of other governments, on construction work assisted under this contract, and subject to the provisions of the federal acts and regulations listed in this paragraph, shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act.

22. **TERMINATION FOR CAUSE** (Applicable to contracts exceeding $10,000)

If, through any cause, the Subcontractor shall fail to fulfill in a timely and proper manner his obligations under this contract, or if the Subcontractor shall violate any of the covenants, agreements, or stipulations of this contract, VIHFA shall thereupon have the right to terminate this contract by giving written notice to the Subcontractor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports prepared by the Subcontractor under this contract shall, at the option of VIHFA, become VIHFA’s property and the Subcontractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder. Notwithstanding the above, the Subcontractor shall not be relieved of liability to VIHFA for damages sustained by VIHFA by virtue of any breach of the contract by the Subcontractor, and VIHFA may withhold any payments to the Subcontractor for the purpose of set-off until such time as the exact amount of damages due VIHFA from the Subcontractor is determined.

23. **TERMINATION FOR CONVENIENCE** (Applicable to contracts exceeding $10,000)

VIHFA may terminate this contract at any time by giving at least ten (10) days’ notice in writing to the Subcontractor. If the contract is terminated by VIHFA as provided herein, the Subcontractor will be paid for the time provided and expenses incurred up to the termination date.

24. **SECTION 503 OF THE REHABILITATION ACT OF 1973** (Applicable to contracts exceeding $10,000)

Equal Opportunity for Workers With Disabilities
1. The Subcontractor will not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Subcontractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified individuals with disabilities without discrimination based on their physical or mental disability in all employment practices, including the following:

i. Recruitment, advertising, and job application procedures;

ii. Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

iii. Rates of pay or any other form of compensation and changes in compensation;

iv. Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

v. Leaves of absence, sick leave, or any other leave;

vi. Fringe benefits available by virtue of employment, whether or not administered by the Subcontractor;

vii. Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

viii. Activities sponsored by the contractor including social or recreational programs; and

ix. Any other term, condition, or privilege of employment.

2. The Subcontractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the act.

3. In the event of the Subcontractor’s noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the act.

4. The Subcontractor agrees to post in conspicuous places, available to employees and applicants
for employment, notices in a form to be prescribed by the Deputy Assistant Secretary for Federal Contract Compliance Programs, provided by or through the contracting officer. Such notices shall state the rights of applicants and employees as well as the Subcontractor’s obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants with disabilities. The Subcontractor must ensure that applicants and employees with disabilities are informed of the contents of the notice (e.g., the Subcontractor may have the notice read to a visually disabled individual, or may lower the posted notice so that it might be read by a person in a wheelchair).

5. The Subcontractor will notify each labor organization or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Subcontractor is bound by the terms of section 503 of the Rehabilitation Act of 1973, as amended, and is committed to take affirmative action to employ and advance in employment individuals with physical or mental disabilities.

6. The Subcontractor will include the provisions of this clause in every subcontract or purchase order in excess of $10,000, unless exempted by the rules, regulations, or orders of the Secretary issued pursuant to section 503 of the act, as amended, so that such provisions will be binding upon each subcontractor or vendor. The Subcontractor will take such action with respect to any subcontract or purchase order as the Deputy Assistant Secretary for Federal Contract Compliance Programs may direct to enforce such provisions, including action for noncompliance.
