Virgin Islands Housing Finance Authority
RFP 005-2019-DR-STT/STX
REQUEST FOR PROPOSALS
WEBSITE DESIGN AND HOSTING SERVICES

1.0 INTRODUCTION

The Virgin Islands Housing Finance Authority (“VIHFA”) is soliciting proposals from qualified firms or individuals to provide Website Design and Hosting Services for VIHFA located at 3438 Kronprindsens Gade, GERS Complex 1st Floor, Suite 4, St. Thomas, VI.

1.1 CONTEXT

Hurricanes Irma and Maria had a devastating impact on the United States Virgin Islands (U.S. Virgin Islands or “the Territory”). The two back-to-back Category 5 storms in September 2017 caused significant damage and destruction to the islands’ housing stock. The entire population—over 100,000 residents—were impacted by the devastation brought on by the storms, with winds of over 185 miles per hour and up to 20 inches of rain in some areas. Irma crossed the islands as a windstorm tearing the roofs off buildings in her path; Maria came behind and caused water damage to all of the unprotected structures in the St. Thomas and St. John district, while inflicting severe damage on St. Croix.

2.0 PROPOSAL DESCRIPTION

To address unmet needs for hurricane recovery in the Territory, the U.S. Department of Housing and Urban Development (HUD) has awarded \$1,863,742,000 of Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the U.S. Virgin Islands. CDBG-DR funds are intended by HUD to address (i) unmet needs in housing, infrastructure, and economic revitalization from the 2017 hurricanes, as well as (ii) mitigation activities to protect the Territory from the damage of future events. A dedicated disaster recovery website is a key component of coordinating and communicating with stakeholders about the opportunities created by and administration requirements of these funds. The basic information is currently hosted at www.vihfa.gov/disaster-recovery, but a separate site is needed to separate the unique requirements of this grant program from VIHFA’s other services.

In accordance with HUD requirements, VIHFA maintains a public website that provides information accounting for how all grant funds are used and managed/administered. The creation and maintenance of the public website is one component of the Department’s certification of a grantee’s proficient financial controls and procurement processes and adequate procedures for proper grants management. To meet this requirement, each grantee must make the following items available on its website:

- Action plan (including all amendments);
- Current approved DRGR action plan;
- Each QPR (as created using the DRGR system);
- Citizen participation requirements;
- Program policies;

- Procurement policies and procedures;
- Description of services or goods currently being procured by the grantee;
- Copy of contracts the grantee has procured directly;
- Summary of all procured contracts as defined in 2 CFR 200.22, including those procured by the grantee, recipients, or subrecipients utilizing HUD’s Contract Reporting Template (available at: <https://www.hudexchange.info/programs/cdbg-dr/cdbg-dr-laws-regulations-and-federal-register-notice/>) and updated on a monthly basis;
- Summary outlining how all grant funds are used; and
- Access to application status¹
- Each grantee is required to use this template and attach an updated version to the DRGR system each quarter as part of its QPR submissions. Updated summaries must also be posted monthly on each grantee’s website.²

The requirements above may also be found in Federal Register Notice FR–6066–N–01 (available at: <https://www.govinfo.gov/content/pkg/FR-2018-02-09/pdf/2018-02693.pdf>)

2.1 PROJECT GOALS

VIHFA’s dedicated CDBG-DR website should:

1. Exemplify modern elements of universal design so the content is highly accessible for people of all backgrounds and abilities.
2. Meet the requirements as outlined by HUD for a public website per applicable federal regulations.
3. Be driven by visual storytelling and incorporate social media sharing opportunities.
4. Be compatible for embedded forms and features (calendars, comment forms, maps, videos, database inputs) to make it the “one-stop-shop” for all activities of the CDBG-DR programs.
5. Be able to interface with VIHFA's Case Management, Grants Management and Financial Systems to provide real-time data.
6. Have responsive design to present cleanly and clearly on desktops and mobile devices.
7. Enable VIHFA access to informatics data relative to how many hits the site is seeing on a daily basis.

2.2 OVERVIEW OF INTENDED AUDIENCE

The audience for the website is, in general, all residents of the Territory with three key segments that will be emphasized for the content design and function:

1. General members of the public seeking information on recovery, status, and program services
2. Contractors seeking information on project procurement and work opportunities
3. Special Needs Residents: including low technical literacy, non-English speakers, and those who are differently-abled.

¹ VIHFA has issued an RFP for CDBG-DR Case Management Services and System which will include a website where applicants can find out the status of their application. VIHFA requires that there be a link to this site on the VIHFA Disaster Recovery page.

2.3 SCOPE OF WORK

The Scope of Work for Website Design and Hosting Services includes the following:

2.3.1 Phase 1: Design and Content Coordination (3 weeks)

- Meet with VIHFA staff (remotely if necessary) to evaluate the current website, provide a transition plan to implement a new website and determine a new design using a Content Management System (CMS) based application. The current website is available at www.vihfa.gov/disaster-recovery.
- Facilitate VIHFA staff through a re-design process, coordinating timelines and requesting content production as needed.
- Provide suggestions for branding and designing content.
- Implement modules within the CMS that deliver specialized capabilities to improve the disaster recovery program support to our citizens.
- Assist VIHFA MIS department with transition of content from the current website to the new website.
- Provide design sheets, templates, and/or other mock-up tools to communicate vision and layout effectively.

2.3.2 Phase 2: Building and Testing (3-5 weeks)

- Build the new site on an easy-to-use CMS following approved designs and usability functions.
- Conduct necessary user research and usability testing throughout the life of the project to achieve objectives, including accessibility testing.
- Test all links, attachments, and features and provide a final report of usability before publishing.
- Develop a “How-To” Guide for the backend so relevant VIHFA staff can be quickly trained to develop and publish new content efficiently, incorporate SEO, and maintain style standards.
- Identify and provide trainings so relevant VIHFA staff may maintain the website in the future
- Connect site to Google Analytics and set up monthly reports.
- Provide training to administrators, department heads, and content managers.
- Implement Talent Acquisition module, with database and notification capabilities to interested applicants. (This can be a 3rd party solution)
- Implement Procurement / Contracts module with database and automated notification to contractors who subscribe to receive communications. (This can be a 3rd party solution)

2.3.3 Phase 3: Publish and Maintenance (1 year with possibility of extension)

- Provide basic long-term site maintenance services and rapid response issue assistance.

2.3.4 Commencement of Services

Selected Respondents must be prepared to commence these services within five (5) business days of the issuance of a contract, at the direction of VIHFA CDBG-DR Director.

2.4 EXAMPLES

CDBG-DR websites are a requirement by HUD for this grant funding, so there are several examples online. VIHFA would direct applicants to the Louisiana RESTORE site (<https://www.doa.la.gov/Pages/ocd-dru/Index.aspx>) and ReNew Jersey Stronger site (<https://www.renewjerseystronger.org/>) as examples of the basic layout and content necessary for the VIHFA site. Please note that these are examples from grantees much further into their programs. The Territory's programs are still under development and much of the content will come after the design and build of this website.

An additional example of content for applicants to consider that demonstrates clearly the accessibility feature of a site can be found at the [St. Thomas Federal Credit Union](#) site where the icon in the top right-hand corner is bold, clear, and practical for differently-abled users.

2.5 KEY DELIVERABLES

1. Develop a highly accessible site that meets, at minimum, Section 508 standards (<https://www.section508.gov/>).
2. Develop dynamic infographics that track CDBG-DR program statistics in an easy-to-read graphic that can be updated quickly by staff. (On this site, for example, <http://www.usvipfa.com/hurricanehome.html>).

18.0 SELECTION PROCESS

VIHFA will evaluate all Proposals that are received in a proper and timely manner to determine whether they meet the submission requirements. Awards are made to the most responsive bidder that provides the proposal that is most advantageous to VIHFA, considering such factors as the Bidder's ability to perform the work of the kind involved in the bid under consideration, the Bidders' past experience, qualifications, etc. and not solely the lowest price.

VIHFA, at its sole discretion, will determine which Proposal best satisfies its requirements. All Proposals deemed to be responsive to the requirements of this RFP will be evaluated and scored for technical qualities and price. Proposals that are materially deficient in meeting the submission requirements of this RFP or have omitted material documents may be eliminated from consideration at the sole discretion of VIHFA. The evaluation process will include separate technical and price evaluations and will be conducted as set forth herein.

Through an evaluation panel, VIHFA will establish a shortlist, either through a natural break in scores or a technically viable cut off technical score. The panel will then evaluate the Price Proposals of only those proposals that have made the cut off/it deems technically qualified. Depending on the number of respondents, VIHFA reserves the right to deviate from this approach.

VIHFA reserves the right to award contracts based on initial proposals received, without discussions; therefore, the Respondent's initial proposal should contain its best technical and price terms.

The Evaluation Committee Panel is responsible for evaluating all responsive Respondents' submittals. The Evaluation Committee Panel will consider the following criteria:

Evaluation Factors	Total Points
<u>Technical</u>	
Technical Qualifications	30
Website Design and Hosting Services Experience	20
Approach and Methodology	30
<u>Pricing</u>	
Pricing	20
Total:	100

The proposer with the lowest total pricing shall receive a score of 20 points for the pricing category. The remaining proposers will receive a price score based upon the following formula:

$$CS = (LCP/PC*20)$$

Where:

CS = Computed cost score (points) for proposer being evaluated

LCP = Lowest cost proposed of responses deemed technically feasible

PC = Proposer's total cost

18.1 INTERVIEW AND/OR DEMO

At VIHFA's discretion, certain Respondents may be asked to interview with VIHFA staff, and should be prepared to demonstrate their website design and hosting solutions. The demo/interview process would last approximately 2 hours.

18.2 RIGHT TO REJECT BID PACKAGES

VIHFA reserves the right to reject, without prejudice, any and all bids submitted in response to this solicitation. Further, Bids submitted in response to this solicitation become the property of VIHFA and VIHFA may use any idea or concept in a submitted bid, regardless of whether that bid is selected for award.

18.3 CHANGES, ADDENDA, AND WITHDRAWALS

VIHFA reserves the right to change the schedule of events or revise any part of the RFP by issuing an addendum to the RFP at any time. The RFP and Addenda, if any, will be posted at <https://www.vihfa.gov/disaster-recovery/procurement>.

18.4 WITHDRAWAL OF PROPOSAL

A Respondent may withdraw a proposal that has been submitted at any time up to the date and time the proposal is due. To withdraw a proposal, a written request signed by the authorized representative of the Respondent must be submitted to the RFP Coordinator identified in the RFP.

Costs associated with developing the proposal, preparing for oral presentations, and any other expenses incurred by the Respondent in responding to this RFP shall be entirely the responsibility of the Respondent and shall not be reimbursed in any manner by the VIHFA.

18.6 CONTRACT AWARD AND EXECUTION

VIHFA reserves the right to enter into a contract(s) based on the initial offers received without further discussion of the proposals submitted. VIHFA reserves the right to contract for all or a partial list of services offered in the proposals. VIHFA reserves the right to negotiate reduced payment terms with the awarded Proposer(s).

CONFLICT OF INTEREST

By signing this form, the Respondent certifies that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest, for the organization or any of its staff, and that the Respondent, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the Respondent, subcontractor, employee, or consultant).

Conflicts may arise in but not limited to the following situations:

- (a) Unequal access to information. A potential respondent, subcontractor, employee, or consultant has access to non-public information through its performance on a government contract for disaster recovery services in the Virgin Islands.
 - (b) Biased ground rules. A potential respondent, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract for disaster recovery services in the Virgin Islands.
 - (c) Impaired objectivity. A potential respondent, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility.
- 1) Proposer must provide the disclosure described above on any actual or potential conflict of interest (or apparent conflict of interest) regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.
 - 2) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the VIHFA will take appropriate actions to eliminate or address the actual or potential conflict, including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest.
 - 3) The Respondent, subcontractor, employee, or consultant agrees that if “impaired objectivity”, or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting

officer. This disclosure shall include a description of actions that the Proponent has taken or proposes to take to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

The Respondent, _____, hereby certifies that, to the best of its knowledge and belief, there are no present or currently planned interests (financial, contractual, organizational, or otherwise) relating to the work to be performed under the contract or task order resulting from Request for Proposal No. **RFP 005-2019-DR-STT/STX** that would create any actual or potential conflict of interest (or apparent conflicts of interest) (including conflicts of interest for immediate family members: spouses, parents, children) that would impinge on its ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest. The Respondent further certifies that it has and will continue to exercise due diligence in identifying and removing or mitigating, to the VIHFA's satisfaction, such conflict of interest (or apparent conflict of interest).

- (i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

No person in the United States shall on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this title. Section 109 further provides that discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, as amended, is prohibited

The Subcontractor shall provide VIHFA any additional information necessary for VIHFA to fully assess and address such actual or potential conflict of interest. The Subcontractor shall accept any reasonable conflict mitigation strategy employed by VIHFA, including but not limited to the use of an independent subcontractor(s) to perform the portion of work that gives rise to the actual or potential conflict.

16. SUBCONTRACTING

When subcontracting, the Subcontractor shall solicit for and contract with such subcontractors in a manner providing for fair competition. Some of the situations considered to be restrictive of competition include but are not limited to:

- (i) Placing unreasonable requirements on firms in order for them to qualify to do business,

- (iii) Noncompetitive pricing practices between firms or between affiliated companies,
- (iv) Noncompetitive awards to consultants that are on retainer contracts,
- (v) Organizational conflicts of interest,

- (vii) Any arbitrary action in the procurement process.

The Subcontractor represents to VIHFA that all work shall be performed by personnel experienced in the appropriate and applicable profession and areas of expertise, taking into account the nature of the work to be performed under this contract.

The Subcontractor will include these HUD General Provisions in every subcontract issued by it so that such provisions will be binding upon each of its subcontractors as well as the requirement to flow down such terms to all lower-tiered subcontractors.
