This form and supporting documentation must be delivered to the Project Manager for review. Each change order must have a cost analysis. Once the Project Manager approves the change order, it is returned to the contractor for execution. Change orders are only invoiced on the final draw and categorized as “change order.” The amount listed on the invoice must match the previously approved amount and must be cost reasonable. The OMB waived the two (2) year expenditure requirement under 83 FR 40314; however, the provision to expend one hundred percent (100%) of the total allocation of CDBG-DR funds on eligible activities within six (6) years of HUD’s initial obligation of funds remains in effect. The six (6) year expenditure period commences with the initial obligation of funds provided under 83 FR 5844. Additionally, per 83 FR 5844, the provisions at 24 C.F.R. § 570.494 and 24 C.F.R. § 570.902, regarding timely distribution and expenditure of funds, are waived and an alternative requirement was established.

Following such reimbursement, the property will no longer be subject to any CDBG requirements.

Executive Order No. 13166, signed on August 11, 2000, requires programs, subrecipients, contractors, subcontractors, and/or developers funded in whole or in part with CDBG-DR financial assistance to ensure fair and meaningful access to programs and services for families and individuals with Limited English Proficiency (LEP) and/or deaf/hard of hearing. Fair access is ensured through the implementation of a Language Assistance Plan (LAP), which includes non-English-based outreach, translation services of vital documents, free language...

Licensor hereby grants Licensee a perpetual, non-exclusive, non-transferable license to reproduce and distribute the Documentation to its employees and agents subject to the terms and conditions of this Agreement.

2.4 No Implied License. Except for the express licenses granted herein, no other licenses are granted by implication, estoppel or otherwise.

3. RESTRICTIONS ON LICENSEE

3.1 No Reverse Engineering. Permitted modifications to the Software, if any, are limited to those set forth in Exhibit D. Licensee shall not (i) copy, modify, create any derivative work of, or include in any other software the Software or any portion thereof, or (ii) reverse assemble, decompile, reverse engineer or otherwise have the right to receive or use or attempt to derive source code (or the underlying ideas, algorithms, structure or organization) from the Software, except as specifically authorized in writing by Licensor.
3.2 Notices. Licensee shall ensure that all copies of the Software in Licensee's possession or control incorporate copyright and other proprietary notices in the same manner that Licensor incorporates such notices in the Software and Documentation or in any manner reasonably requested by Licensor. Licensee shall promptly notify Licensor in writing upon its discovery of any unauthorized use of the Software or infringement of the Software or Licensee's proprietary rights in the Software. Licensee shall not provide access to the Software to any party, including any employee of Licensee, if Licensor has notified licensee that such party may be involved in potential unauthorized use of the Software or other infringement of Licensor's proprietary rights thereunder.

5. Software Ownership

Licensor represents that it is the owner of the Software and all portions thereof and that it has the right to modify the Software and to grant Licensee a license for its use.

6. Intent to Cooperate

Both Licensor and Licensee acknowledge that successful implementation of the Software pursuant to this Agreement shall require their full and mutual good faith cooperation, and Licensee acknowledges that it shall timely fulfill its responsibilities, including but not limited to those set forth below.

7. Title to Software Systems and Confidentiality

The Software and all programs developed hereunder, or related thereto, and all copies thereof are proprietary to, and trade secrets of, Licensor, and title thereto remains in Licensor, whether or not any portion thereof is, or may be, the subject of a valid patent, copyright or trademark. All applicable rights to patents, copyrights, trademarks and trade secrets in the Software or any modifications, improvements or customizations made at Licensee's request pursuant to Section 19 or otherwise are and shall remain in Licensor. Licensee shall not sell, transfer, publish, disclose, display or otherwise make available the Software or copies thereof to others. Licensee agrees to secure and protect each module, software product, documentation and copies thereof in a manner consistent with the maintenance of Licensor's rights therein and to take appropriate action by instruction or agreement with its employees or consultants who are permitted access to each program or software product to satisfy its obligations hereunder. All copies made by the Licensee of the Software and other programs developed hereunder, including translations, compilations, partial copies with modifications and updated works, are the property of Licensor. Violation of any provision of this Section shall be the basis for termination of this Agreement under Section 14.1.

8. Installation Acceptance

The Software shall be deemed to have been installed and accepted on the first day on which it passes Licensor's standard test procedures on the equipment approved by Licensor pursuant to Section 17 (the "Initial Installation") and when Licensee has also tested and provided its approval.

9. Use and Training

Licensee shall limit the use of the Software to its employees and consultants who have been appropriately trained. Licensor shall make training for the Software available to Licensee pursuant to its standard training procedures, or as agreed to by Licensor and Licensee in writing.

10.1 Trademarks and Branding Guidelines. Licensee shall comply with trademark and branding guidelines communicated by Licensor.

10.2 Advertising and Promotional Media. Notwithstanding any other provision of this Agreement, Licensee agrees that Licensor may use Licensee's name in Licensor's advertising and promotional media. Licensee may use Licensor's product names in Licensee's advertising and
promotional media provided that (i) Licensee conspicuously indicates in each such medium that such names are trademarks of Licensor, and (ii) Licensee follows reasonable trademark usage guidelines communicated by Licensor.

10.3 Obligation upon Termination or Expiration. Upon expiration or termination of this Agreement for any reason, at Licensor’s request, Licensee will immediately cease all use of Licensor’s trademarks, marks, and trade names that Licensor may adopt from time to time and, at Licensor’s election, either destroy or deliver to Licensor all materials in Licensee’s control or possession which bear such marks or names.

11. Warranty

11.1 Specification Conformance. Licensor warrants that, during the Warranty Period, the Software will conform, as to all substantial operational features, to Licensor’s current published specifications when installed and will be free of defects which substantially affect system performance.

11.2 Defects. Licensee must notify Licensor during the Warranty Period of its claim of any such defect by making an on-line submittal of a claim as provided at mb3online.com. If the Software is found defective by Licensor, Licensor’s sole obligation under this warranty is to remedy such defect in a manner consistent with Licensor’s regular business practices.

11.3 LIMITATION OF LIABILITY. THE ABOVE IS A LIMITED WARRANTY AND IT IS THE ONLY WARRANTY MADE BY LICENSOR. THE SOFTWARE IS PROVIDED “AS IS” AND, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, LICENSOR MAKES AND LICENSEE RECEIVES NO WARRANTY EXPRESS OR IMPLIED AND THERE ARE EXPRESSLY EXCLUDED ALL WARRANTIES, OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. LICENSOR DOES NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR ERROR-FREE OR THAT ALL ERRORS WILL BE CORRECTED. LICENSEE ASSUMES THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR AND/OR CORRECTION OF PROBLEMS CAUSED BY VCOUSES OR OTHER HARMFUL COMPONENTS. THE STATED EXPRESS WARRANTY IS IN LIEU OF ALL LIABILITIES OR OBLIGATIONS OF LICENSOR FOR DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE DELIVERY, INSTALLATION, USE, OR PERFORMANCE OF THE SOFTWARE. IN ANY CASE, LICENSEE AGREES THAT LICENSOR’S LIABILITY ARISING OUT OF CONTRACT, NEGLIGENCE, STRICT LIABILITY IN TORT, WARRANTY OR OTHERWISE SHALL NOT EXCEED ANY AMOUNTS PAYABLE TO LICENSOR BY LICENSEE FOR THE SOFTWARE AS PER PARAGRAPHS 17 OF THE AGREEMENT.

11.4 Licensee Modifications. If any modifications are made to the Software by Licensee during the Warranty Period without the written authorization of Licensor, this warranty shall immediately be terminated. Correction for difficulties or defects traceable to Licensee’s errors or systems changes shall be billed at Licensor’s standard time and material charges, unless requested by Licensee and as approved by Licensor.

12. Indemnity

12.1 Indemnification by Licensor.

(a) Licensor shall defend any claim, suit or proceeding brought against Licensee so far as it is based on a claim that use of the Software supplied hereunder infringes a United States copyright or an existing United States patent issued as of the Effective Date. As a condition to such defense, Licensee will provide Licensor with prompt written notice of the claim and permit Licensor to control the defense, settlement, adjustment or compromise of any such claim. Licensee may employ counsel at its own expense to assist it with respect to any such claim; provided, however, that if counsel is necessary because of a conflict of interest of either Licensor or its counsel or because Licensor does not assume control, Licensor will bear the reasonable expense of such counsel. Licensee shall have no authority to settle any claim, lawsuit or proceeding without Licensor’s prior written approval.

(b) If, as a result of any claim of infringement against any patent, copyright, license or other property right, Licensor is enjoined from using the Software, or if Licensor believes that the Software is likely to become the subject of a claim of infringement, Licensor at its option and expense may procure the right for Licensee to continue to use the Software, or replace or modify the Software so as to make it non-infringing. If neither of these two options is reasonably practicable, in the sole judgment of Licensor, Licensor may discontinue the licenses granted herein on one-month’s written notice and refund to Licensee the unamortized portion of the license fees paid with respect to the year in which Licensor’s use of the Software is terminated (based on straight line depreciation over such year, with such depreciation to commence on the first day of such year). The foregoing states the entire liability of Licensor with respect to infringement of any copyrights or patents by the Software or any parts thereof.

(c) Licensor shall have no obligation under subsections (a) and (b) above to the extent any claim of infringement or misappropriation results from (i) use of the Software in combination with any other product, end item, or subassembly; if the infringement would not have occurred but for such combination; (ii) use or incorporation in the Software of any design, technique or specification furnished by Licensee; if the infringement would not have occurred but for such incorporation or use; or (iii) any claim based on Licensee’s use of the Software as installed by Licensor after Licensor has informed Licensee of modifications or changes in the Software required to avoid such claims and offered to
Implement those modifications or changes, if such claim would have been avoided by implementation of Licensor’s suggestions. Licensor shall not be liable hereunder for enhanced or punitive damages which could have been avoided or reduced by actions within the control of Licensor.

(d) THE FOREGOING PROVISIONS OF THIS SECTION 12.1 STATE THE ENTIRE LIABILITY AND OBLIGATIONS OF LICENSOR AND THE EXCLUSIVE REMEDY OF LICENSEE AND ITS CUSTOMERS, WITH RESPECT TO ANY VIOLATION OR INFRINGEMENT OF ANY PROPRIETARY RIGHTS, INCLUDING BUT NOT LIMITED TO PATENTS, COPYRIGHTS AND TRADE SECRETS, BY THE SOFTWARE OR ANY PART THEREOF. LICENSOR’S OBLIGATIONS UNDER THIS SECTION 12.1 ARE SUBJECT TO THE LIMITATIONS SET FORTH IN SECTION 11.3.

12.2 Indemnification by Licensee.

(a) Licensee shall defend, indemnify and hold harmless Licensor and its officers, directors, employees, shareholders, customers, agents, successors and assigns from and against any and all loss, damage, settlement, costs or expense (including legal expenses and expenses of other professionals), as incurred, resulting from, or arising out of (i) any breach of this Agreement; (ii) any third party claim which alleges that the Licensee’s hardware incorporating the Software infringes upon, misappropriates or violates any patents, copyrights, or registered trademarks of persons, firms or entities who are not parties to this Agreement where such unlawful activity is completely independent of the Software; (iii) any claim relating to negligence, misrepresentation, error or omission by Licensee, or its officers, directors, employees, customers, agents, successors and assigns, or failure to pay required taxes due under this Agreement; and (iv) any warranties Licensee makes to customers, clients or other third parties beyond the scope of this Agreement.

(b) Licensee shall not be required to indemnify, defend, or hold harmless the Licensor and its officers, directors, employees, shareholders, customers, agents, successors and assigns for all claims, damages, losses, and expenses, direct, indirect or consequential and causes of action of whatsoever character which are premised, in whole or in part, on the alleged acts and/or omissions of the Indemnified Parties.

(c) As a condition to such defense and indemnification, Licensor will provide Licensee with prompt written notice of the claim and permit Licensee to control the defense, settlement, adjustment or compromise of any such claim. Licensor may employ counsel at its own expense to assist it with respect to any such claim; provided, however, that if such counsel is necessary because of a conflict of interest of either Licensee or its counsel or because Licensee does not assume control, Licensee will bear the reasonable expense of such counsel.

13. CONFIDENTIALITY

13.1 Confidential Information. The parties acknowledge that in soliciting Licensee and negotiating this Agreement, Licensor has provided certain confidential or proprietary information to the Licensee ("Confidential Information"), which includes, without limitation, some or all of the following information: customer lists, prospect lists, data, financial information, business plans, marketing information, know-how, techniques, trade secrets, samples, intellectual property, and product research, development and other ideas or concepts. Licensee shall not disclose the Confidential Information to any third party other than employees, agents and contractors who have a need to have access to and knowledge of the Confidential Information solely for the purposes contemplated by this Agreement. Licensee shall take appropriate measures by instruction and agreement prior to disclosure to such employees, agents and contractors to assure against unauthorized use or disclosure. Licensor shall retain all right, title and interest to the Confidential Information. Except as specifically provided in this Agreement, no license under any trademark, patent or copyright, or application for same which are now or hereafter may be obtained by such party is either granted or implied by the disclosure of Confidential Information. The obligations of Licensee concerning confidentiality shall survive the termination of this Agreement.

13.2 Agreement as Confidential Information. The parties shall treat the terms and conditions of this Agreement as Confidential Information. Each party shall obtain the other’s consent prior to any publication, presentation, public announcement or press release concerning the terms and conditions of this Agreement. Notwithstanding the foregoing, it is understand and agreed that Licensor may disclose the existence of this Agreement to third parties, including, without limitation, potential customers.

13.3 Exclusions. Licensee shall have no obligation under Section 13.1 with respect to information which: (a) was rightfully in possession of or known to Licensee without any obligation of confidentiality prior to receiving it from the Disclosing Party; (b) is legally and publicly available without breach of this Agreement; (c) is rightfully obtained by Licensee from a source other than Licensor without any obligation of confidentiality; or (d) is disclosed by Licensee pursuant to a valid order issued by a court or government agency or pursuant to any law or regulation requiring disclosure of public records or information, provided that Licensee provides Licensor prior written notice of such obligation and the opportunity to oppose such disclosure or obtain a protective order.

14. Termination
14.1 Termination for Cause. Licensor shall have the right to terminate this Agreement and the licenses granted herein upon ten days' written notice in the event that Licensee or its officers, directors, employees or agents violates any covenant, agreement, representation or warranty of this Agreement in any material respect, including, but not limited to, (i) reverse engineering or otherwise infringing Licensor's proprietary rights by Licensee or its employees or agents; (ii) violation of the license grants; (iii) nonpayment of license or other fees; (iv) attempts to assign this Agreement; (vi) failure to pay in a timely manner; or (vii) breach of confidentiality obligations. Termination of this Agreement and the licenses granted herein shall be in addition to and not in lieu of any equitable remedies available to Licensor.

14.2 Return of Materials. In the event of termination by reason of the Licensee's failure to comply with any part of this Agreement, or upon any act which shall give rise to Licensor's right to terminate, Licensor shall have the right, at any time, to terminate the licenses granted herein and take immediate possession of the Software and Documentation and all copies wherever located, without demand or notice. For each custom modification requested, Licensee shall provide written specifications to Licensor, which shall be mutually agreed upon prior to commencement of such custom modification effort.

20.4 **Equitable Relief.** Each party acknowledges that a breach by the other party of any confidentiality or proprietary rights provision of this Agreement may cause the non-breaching party irreparable damage, for which the award of damages would not be adequate compensation. Consequently, the non-breaching party may institute an action to enjoin the breaching party from any and all acts in violation of those provisions, which remedy shall be cumulative and not exclusive, and a party may seek the entry of an injunction enjoining any breach or threatened breach of those provisions, in addition to any other relief to which the non-breaching party may be entitled at law or in equity.

The rights and liabilities of the parties under this Agreement will bind and inure to the benefit of the parties’ respective successors and permitted assigns.

20.8 **Waiver and Modification.** Failure by either party to enforce any provision of this Agreement will not be deemed a waiver of future enforcement of that or any other provision. Any waiver, amendment or other modification of any provision of this Agreement will be effective only if in writing and signed by the parties.

20.9 **Severability.** If for any reason a court of competent jurisdiction finds any provision of this Agreement to be unenforceable, that provision of the Agreement will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this Agreement will continue in full force and effect.

20.10 **Time Limitation on Actions.** No action, regardless of form, arising out of this Agreement may be brought by Licensee more than two years after the cause of action has arisen.

20.11 **Headings.** Headings used in this Agreement are for ease of reference only and shall not be used to interpret any aspect of this Agreement.

20.12 **Entire Agreement.** This Agreement, including the Executed Contract and all exhibits which are incorporated herein by reference, constitutes the entire agreement between the parties with respect to the subject matter hereof, and supersedes and replaces all prior and contemporaneous understandings or agreements, written or oral, regarding such subject matter.

20.13 **Counterparts.** This Agreement may be executed in two counterparts, each of which shall be an original and together which shall constitute one and the same instrument.

20.14 **Basis of Bargain.** EACH PARTY RECOGNIZES AND AGREES THAT THE WARRANTY DISCLAIMERS AND LIABILITY AND REMEDY LIMITATIONS IN THIS AGREEMENT ARE MATERIAL BARGAINED FOR BASES OF THIS AGREEMENT AND THAT THEY HAVE BEEN TAKEN INTO ACCOUNT AND REFLECTED IN DETERMINING THE CONSIDERATION TO BE GIVEN BY EACH PARTY UNDER THIS AGREEMENT AND IN THE DECISION BY EACH PARTY TO ENTER INTO THIS AGREEMENT.

EMGrantsPro helps States efficiently manage grants. The system helps minimize paperwork and hassle, reimburse faster and with accuracy, stay on top of deadlines and access real time information.

EMGrantsPro has been designed to help States optimize efficiency by centralizing all aspects of the grant management process. The system unites the management of grants, workflow, documents, contacts, and enables collaboration and Applicant login in one integrated solution.

**Highlights:**

**ADMINISTER GRANTS**
You can administer the entire grant process through closeout. The system works with Public Assistance (PA), Hazard Mitigation Assistance (HMA) programs, Homeland Security Grant Program (HSGP), Emergency Management Performance Grant (EMP), and more.

**MANAGE APPLICANTS**
All Applicant data and contacts are in a single repository. You can then manage the entire process for grant application and then closeout. For Public Assistance, Applicant requests for assistance can integrate with FEMA's Grants Portal.

**TRACK PROJECTS**
All project information is stored in the system allowing quick web-based access. You can monitor deadlines, track costs, and close projects with ease. Public Assistance projects are automatically imported into EMGrantsPro via a nightly integration with FEMA's Datawarehouse system. Non PA project applications can all be submitted in the system and routed for review. Project requests such as Scope Changes, Time Extensions or Closeouts can be submitted and tracked in the system. Quarterly Report data can also be exported in the format FEMA requires.

**PROCESS PAYMENTS**
Payments are automatically triggered when projects are obligated or funds requested. Requests for Reimbursement can be submitted including attaching any expense documentation. Transactions can then be compiled in a payment for routing and processing. EMGrantsPro also can integrate with State Financial Systems to reduce manual error and make payments faster.

**COLLABORATE**
With your operation entirely centralized, collaboration can happen on virtually anything. You can easily manage issues, route forms through configurable workflow paths, send messages, and more.

**GENERATE REPORTS & MORE**
The system gives you a birds-eye view of your organization with countless real-time reports. Other features include Excel exporting, quick search, document management, and many administrative tools.
