### Item Information

**Item # 1: ( 918 - 29 )** The GIS Division needs the expertise of a qualified professional or firm to develop an addressing system that is critical for emergency services, economic development, government, and private operations in the Territory. In support of this request, please note that the Territory has already completed the first two phases of street addressing implementation and this is the final phase. The contractor will need to implement and deploy the Master Address Repository for the final Territory-wide phase of the Street Addressing Initiative (SAI).
